

# WE MANITOU!

Each camp's program is designed by the Camp Director and typically consists of activities and opportunities not found at home. A variety of large and small group activities geared to the age of campers is included.

Campers have responsibility and input into their program while the Director ensures that programming allows development of friendships, skills, and spirituality. Activities for rainy weather are part of the planning as is consideration of length of exposure to sunshine during hot days - it is flexible and fun.

If you have further questions regarding programming for a particular camp, please contact the director listed in this brochure.

## Summer Mailing Address

(Summer only - no applications please.)

Address letters to campers:

Camp Manitou

Box 138, Whitefish Falls, ON P0P 2H0
